Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (CAA or the Act), the Environmental Protection Agency (EPA or the Agency) is providing notice of a proposed consent decree in *East Yard Communities for Environmental Justice v. EPA*, No. 22-cv-0094 (D.D.C.). On January 13, 2022, Plaintiffs East Yard Communities for Environmental Justice, Ironbound Community Corporation, and Sierra Club (collectively Plaintiffs) filed a complaint in the United States District Court for the District of Columbia alleging that the EPA failed to perform its non-discretionary duty under to review and, if appropriate, revise new source performance standards and emissions guidelines for large municipal solid waste incinerators (LMWCs) at five-year intervals. In addition, Plaintiffs filed a separate petition on December 21, 2021, in the United States Court of Appeals for the District of Columbia seeking a writ of mandamus relating to a 2008 order of that court remanding to the EPA performance standards for LMWCs. EPA is providing notice of this proposed consent decree, which would resolve all claims in both cases by establishing deadlines for EPA to issue proposed and final rulemakings to review and, if necessary, revise emissions standards for LMWCs.

II. Additional Information about the Proposed Consent Decree

On January 13, 2022, Plaintiffs East Yard Communities for Environmental Justice, Ironbound Community Corporation, and Sierra Club (collectively Plaintiffs) filed a complaint in

the United States District Court for the District of Columbia alleging that the EPA failed to perform its non-discretionary duty under CAA section 129(a)(5) to review and, if appropriate, revise emissions standards for large municipal solid waste incinerators (LMWCs) at five-year intervals. In addition, on December 21, 2021, Plaintiffs filed a separate petition in the United States Court of Appeals for the District of Columbia seeking a writ of mandamus relating to a 2008 order of that court remanding to the EPA performance standards for LMWCs (Petition Matter).

The proposed consent decree, if finalized, would establish deadlines for the EPA to take proposed and final actions under CAA section 129(a)(5) to review, and if appropriate, revise new source performance standards and emissions guidelines for LMWCs. Specifically, the EPA would be required to sign the proposed action by December 31, 2023, and final action by November 30, 2024. Further, Plaintiffs agree to withdraw the related Petition Matter shortly after the entry of this Consent Decree.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.
